To Whom it may concern

I am writing to you in regards to the law changes on ATV'S.

My family has been in the business for over 50 years in Central West NSW. The changes they are talking about would shut down a lot of small businesses across Australia with Honda and Yamaha forced to exit the ATV business in Australia.

Please enforce the use of helmets and protective clothing and make it compulsory for **no one under the age of 16** to operate.

You can contact me any time to discuss 0417221300

Thanking you for your time

Ronald P Spice

Managing Director
